

YoungStar Training

Start early. Start smart. Start here.

Topic: Wisconsin Model Early Learning Standards (15 Hours)

The Wisconsin Model Early Learning Standards specify developmental expectations for children from birth through entrance to first grade. The standards reflect attention to all the domains of a child's learning and development. Each domain is divided into sub-domains. Each sub-domain includes developmental expectations, program standards, performance standards and developmental continuum. Samples of children's behavior and adult strategies are also provided.

Tier 3: In order to receive tier 3 credit, there will be a post-training requirement, such as homework or a brief test.

Quality Area: Learning Environment and Curriculum

Learning Objectives: Upon conclusion of the training, participants will...

- Understand the domains of child development
- Obtain strategies and resources for laying a strong foundation in early care and education
- Learn how to utilize concrete tools and tips for applying early learning standards in group and family child care programs
